

Dear colleagues,

on behalf of the programme and organizing committee it is our pleasure to inform you that Institute of Mathematics (Brno University of Technology) in cooperation with Department of Mathematics and Statistics (Masaryk University) and Institute of Mathematics (Czech Academy of Sciences) are organizing a conference

DIFFERENTIAL EQUATIONS AND APPLICATIONS 2

which will be held in Brno, Czech Republic,

SEPTEMBER 7 – 10, 2020.

The programme so far includes plenary talks by:

- **Luisa Malaguti** (University of Modena and Reggio Emilia, Reggio Emilia, Italy)
- **Jean L. Mawhin** (Université Catholique de Louvain, Louvain-la-Neuve, Belgium)
- **Fabio Zanolin** (University of Udine, Udine, Italy)

and further invited lectures and contributed talks (25-30 minutes) in sections. Topics will cover all aspects of qualitative theory of ordinary and functional differential equations, partial differential equations as well as numerical methods and applications in a wider sense.

Meeting aims at bringing together worldwide experts of the mentioned fields as well as young researchers.

Conference contributions will be published in [Memoirs on Differential Equations and Mathematical Physics](#). All submitted papers will be a subject to standard review procedure.

We kindly ask you to disseminate the information about the conference among your colleagues.

Please, find further details about conference venue, accommodation as well as registration form on

<http://diffegapp.fme.vutbr.cz/>

Looking forward to seeing you in Brno,

Organizers
